

### **Wilford Jessop**

Chief Information and Technology Officer

As Chief Information and Technology Officer at BZI, Wilford Jessop leads the vision and execution of IT strategy across the organization. Since assuming the role more than five years ago, he has focused on developing systems that support safety, efficiency, and communication in the field and beyond.

Known for his collaborative leadership, Wilford works closely with his team under the shared motto: *Enable, Adapt, Advance*. This approach continues to shape BZI's technology landscape, driving practical solutions, strengthening cybersecurity, and equipping teams with the necessary tools.
